

Naturest® Pillow

The perfect addition to your sleep cocoon

- Helps support spinal alignment
- Non-allergenic latex filling, uniquely adjustable to your ideal level of comfort
- Made from ecologically sound and non-allergenic natural materials that meet fire regulations without flame retardants or other chemicals

Supporting your natural sleeping position

Filled with naturally firm latex that prevents the pillow from becoming flat, the Naturest® Pillow is fully adjustable by simply adding or removing the filler. The Naturest® Pillow also incorporates a specially designed internal collar to ensure the most comfortable alignment for your head, neck, and spine. The breathable cover of natural bamboo and cotton fibres assist ventilation, helping to regulate your temperature to keep you comfortably cool.

Deep sleep rejuvenation

The Naturest® Pillow is different from any other pillow you'll experience due to the RAM™ Technology design. As you achieve deep sleep the brain recharges, restoring your energy for the day to come. Highly portable, you can take the relaxing natural technology with you whenever you're travelling or staying away from home to feel the benefits of the magnetic energy. The Naturest® Pillow can be used alone or, to maximise your sleep environment, it can be used with the KenkoDream® Quilt and the Naturest® Kenkopad®.

How to use

Place the Naturest® Pillow on the bed with the zipper on the bottom right-hand side, so that the orthopaedic support and RAM™ magnetic disks are in the optimum positions.
